

# Discover the Disneyland® Golf

The Disneyland® Golf, created in 1992 by architect Ronald Fream, lies a few kilometres away from the Resort. Set among island greens, lakes and flower-covered knolls, three 9-hole courses start and end in front of the comfortable Club House.

- 27-hole course in three modular sections of 9 holes (par-36)
- 35 practice stations and a putting green
- Bar
- Restaurant
- Pro shop
- Opened all year long,

This unique course is extremely popular – both with experienced golfers, for whom it presents new challenges, and with beginners, who can make rapid progress thanks to the long par-5s with double fairways.

For groups, the specialists at Disneyland® Golf offer 2 types of packages, either for beginners or experts. The golf course may also be privatised for company tournaments.
